

Three Dog Beats This Doggone Economy – Again!

Three Dog Logistics Makes the Inc 500-5000 List for 2011.

We're delighted and pleased to announce that we made this year's Inc 500-5000 List of Fastest Growing Private Companies, for the second year in a row.

"Two years in a row is hard to do," explained CEO and founder John 'Big Dog' Kennedy. "It's based on year over year growth percentages, so the bigger you get, the harder it is to achieve triple-digit growth," he noted.

The Inc.500 team sent the winners a congratulatory letter, saying "Inc. recognizes the creativity, dedication, and hard work that have gone into building Three Dog Logistics into what it is today."

We also learned that we share this pedigree with notable companies such as Microsoft, Dell Computers, Google, Inc., and scores of other business powerhouses.

From the bottom of our hearts (and paws!), Three Dog Logistics would like to thank our customers, our employees, our friends and supporters, and most of all, our Marketing Goddess Pat Veverica for once again making this happen. Woof-woof!
