

Dependable and fast domestic delivery.

Reduced postage costs for flats, small parcels, and bound printed matter.

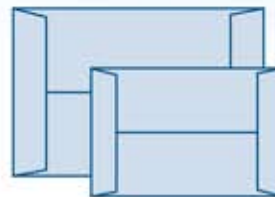

Three Dog Logistics Expedited Services has national distribution transit times comparable to First Class Mail, with an average delivery time of 2 to 5 days.

During the Expedited Services process, each mail piece is individually weighed, the address is verified, and an indicia is applied with a unique Tracking Number. The mail is sorted to a strategically located regional processing facility, then delivered to a United States Post Office SCF for final mile delivery.

The speed of First Class Delivery - at great rates. Fast Dog!

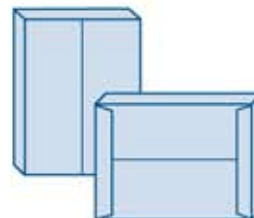

Mail types that qualify for Expedited Services Include:

Flats
(1-16 oz)

Small Parcels
(1-16 oz)

Bound Printed Matter
(1-15 lbs)
